KIDS' BIRTHDAY CAKE CUTTING FLOW

A SIMPLE 7-STEP GUIDE FOR A
SMOOTH & MEMORABLE MOMENT

Use this quick guide to plan the perfect
cake cutting flow at your child's birthday party!

Magic • Fun • Memories

1

GATHER EVERYONE AROUND THE CAKE

- Host or magician invites all guests to gather around the cake table.
- Best done right after the magic show or main activity.

2

FAMILY PHOTO BEFORE LIGHTING CANDLES

- Take proper family, group, and friends photos before lighting the candles.
- This ensures better photos and avoids rushed moments.

Tip: These are the posed, organized photos with everyone looking at the camera.

3

LIGHT THE CANDLES

- Light the candles and dim the lights slightly if possible.
- Gather the children closer.

4

SING THE BIRTHDAY SONG

- Sing one round of the birthday song together.
- Encourage clapping and make it fun!

5

BLOW CANDLES

- The birthday child blows the candles.
- Parents, capture this special moment!

6

CANDID CELEBRATION PHOTOS AFTER CANDLE BLOWING

- After the candles are blown, this is the best time for natural and candid photos.
- Take fun family reactions, friends cheering, group celebration shots, and happy candid moments.

Tip: These are the natural, joyful moments with genuine smiles and excitement.

7

CAKE CUTTING & SERVING

- Cut the cake and serve your guests.
- Transition to food, free play, or next activity.

PRO TIP

Timing is key! Do the cake cutting right after the magic show or main entertainment when all the kids are already gathered and engaged.

WHY HAVE A MAGICIAN? ★

- ✓ Keeps kids entertained
- ✓ Gathers kids smoothly
- ✓ Leads the birthday song
- ✓ Helps with crowd control
- ✓ Creates magical memories!
